## MILLIS, MASS.

INCORPORATED FEB. 24, 1885

FIRST TOWN MEETING MAR. 6, 1885

LANSING MILLIS

May the history of this town to the latest generation, be as ennobled as was the life and character of him whose name we bear.

## THE KING PHILIP TREES

---

In 1885 most of the old grant, or East Medway, was incorporated as the Town of Millis.

The earlier days from 1713 to 1885 were "times that tried men's souls." History paints a vivid picture of the early settlers, both men and women, and of their faith in God and Country. They were called upon to sacrifice and to give to their utmost.

Their splendid example inspired the **six hundred and eighty-three citizens** who comprised the population of Millis in the first year of its incorporation, and now as we are at the close of the fiftieth anniversary of our town we can look back with the satisfaction of knowing that we have endeavored, at all times, to keep that faith.

Millis has little to boast of beyond its neighbors in picturesque scenery, but there lies all about much of that quiet loveliness of landscape which abounds in this part of Massachusetts, and especially along the banks of the sleepy Charles.

Gentle elevations, beautiful valleys, the meandering river, broad, far-reaching meadow lands skirted by forests of evergreen, the quiet flow of Boggastowe, the waters of South End and Mill ponds furnish the elements of scenery not destitute of beauty.

G. P. K.

E. O. J.

## BEAUTIFUL MILLIS

---

Close to the heart lies  
Thought of Thee, Our Native Town  
High let our songs rise,  
While Thy brow we crown,  
For Thy Past so glorious,  
Kindles hope in every breast,  
Thou shall be victorious  
And forever blest.

Millis, beautiful Millis,  
Though we wander far from Thee,  
Millis, beautiful Millis,  
Forgotten ne'er shall be.

When we are yearning  
For the days that used to be,  
Keep our thoughts turning  
Future days to see.  
All the tasks before us  
With true vision may we do,  
To a Faith that's Righteous  
Pledge our hearts anew!

Millis, beautiful Millis,  
Ever dearer Thou shall be,  
Millis, beautiful Millis,  
As we work for Thee.

ROSE L. MARTINSON

## FIFTY YEARS OF PROGRESS

---

The new Town of Millis celebrated its birth on February 26, 1885, two days after the act of incorporation. A special train from Boston brought many guests for the occasion, including members of the Governor's Council, Senate, and House of Representatives.

Upon its arrival in Millis about 7 P. M., the guests were met at the station by the Town Committees, Cannon salutes, red fire, and Band music. During the evening there was a parade, bonfire, banquet and speaking. The records state that at the conclusion of the evening's exercises about two thousand Millis Citizens and guests wended their way homeward, satisfied that the new town had been suitably Christened.

The first town meeting was held March 6, 1885, and during the year there was held a total of eight town meetings and the Total Expenditures for the year 1885, were \$4,747.60.

Millis, when incorporated was but a small County Village, most of its 683 people living on sixty-one farms. The streets for the most part were two ruts, and a horse path, no sidewalks or electric lights. No Public Water System, or High School and only a few very small local industries, with limited payrolls.

As we look back fifty years, it is apparent, that the act of incorporation and the work and efforts given to bring this about, kindled in the hearts and minds of those who were fortunate to live within the bounds of Millis, a spirit of Loyalty, Co-operation, and Service. This Millis Spirit, has continued to live year after year. Men and women, have labored unselfishly that this Community might progress.

Today, we have a population of 2,098 divided as follows: 1,082 Males, and 1,016 Females. Since 1930 the population has increased 20%.

We now enjoy good roads, sidewalks, excellent water, Electric Lights, Churches, Good Schools, and an up-to-date Fire Department, Public Library, Town and Memorial Parks, beautiful homes and shaded trees line the streets. Each home now enjoys luxuries unheard of fifty years ago.

The Town is blessed with three large industries, J. M. Herman Shoe Company, Clicquot Club Ginger Ale Company, and the Ruberoid Company. Their combined yearly payroll is approximately one million five hundred thousand dollars.

The Total Town Expenditures for the year 1935, will be \$103,171.94.

We are proud of our progress and happy that while there has been a great change in the life, appearance, and population of this Community there still burns brightly the Millis Spirit of Patriotism, Co-operation, and Service, kindled fifty years ago.

Sincerely,

CHARLES A. SMITH

RUDOLPH F. KING

## REPORT OF THE 50TH ANNIVERSARY COMMITTEE

---

The 50th Anniversary of the Incorporation of the Town of Millis on February 24, 1885, was celebrated on May 30, 31, and June 1. Owing to the inclemency of the weather on June 1st the historical pageant was given on June 2.

The anniversary exercises commenced on the morning of Memorial Day, the parade consisting of the Canton American Legion Band, American Legion, Ex-Service Men, American Legion Auxiliary, Firemen, Boy Scouts, Girl Scouts, School Children. The line of march was started from Memorial Park at 9:30 for Prospect Hill Cemetery, where the usual memorial exercises were held, Historical Address was given by Rev. Earl R. Bull with the following tableaux:

1. King Philip.
2. Founders of the Town. 1713.
3. Rev. Nathan Bucknam, "Saint and Soldier," Pastor from 1724 to 1795, and London, his slave.
4. Dame Experience Adams, first Female School Teacher.
5. Spirit of '76.
6. Major George Holbrook, Bell Manufacturer, 1816.
7. Spirit of '61 to '65.

After the decoration of graves, Curry Square and Hilmelfarb Street were dedicated by the American Legion.

The parade in the afternoon started at 3:30 from the Millis High School, and consisted of the following eight divisions:

- Division I—State Police, Millis Police, Marshal and Aides, Hon. Marshal and Aide, National Colors and Guard, Norwood American Legion Band, Co. K, 3rd Battalion 372 Infantry Massachusetts National Guard.
- Division II—Veterans of Foreign Wars Band, Medway, Massed Colors and Guard, Naval Communication Reserve 1st. Naval district Boston, Automobiles with Veterans of Foreign Wars Guests.
- Division III—Colors and Guard, Hopedale Brass Band, Spanish War Veterans, Norman Prince Colors and Guard, Veterans of Foreign Wars Posts.
- Division IV—Elsie Janis Drum and Bugle Corps, American Legion Posts, American Legion Disabled Veterans and Guests in Automobiles.
- Division V—Bessie Edwards Drum and Bugle Corps, Spanish War Auxiliaries, Veterans of Foreign War Auxiliaries, American Legion Auxiliaries, Automobiles with Auxiliaries Members and Guests.
- Division VI—Colors and Guard, Medfield Junior Legion Drum and Bugle Corps, Firemen, King Philip and Indians, Spirit of '76, George Washington and Aides, Union Soldiers, Red Cross Automobile.
- Division VII—National and Scout Colors, Millis Girl Scout Drum and Bugle Corps, Girl Scouts.
- Division VIII—National and Scout Colors, Hopedale Community Boys Drum and Bugle Corps, Boy Scouts.

Episode 3 was the first town meeting held at the home of Peter Adams in 1714 and the arrival of Rev. David Denning who commenced his Pastorate as the first minister.

Episode 4 was the representation of the Lexington Alarm, April 19, 1775, the minutemen of this locality were headed by Capt. Josiah Partridge. The second scene of this episode represented the arrival of General George Washington and his staff at the tavern of Moses Richardson.

Episode 5 was the casting of the first church bell in East Medway in 1814.

Episode 6 was the returning of the Union soldiers to East Medway in 1865.

Episode 7 is the celebration of the incorporation of the Town of Medway in 1885.

Episode 8 is the World War 1917-18 scenes of our activities in the World War 1917-18.

Episode 9 is a scene of the great migration of youth and youth and their parents during the 1920's.

Owing to the weather conditions the preparation of the pageant was postponed from Saturday afternoon to Sunday afternoon, and on Saturday evening there was held a carnival with all of its popular attractions, also a concert from 8:00 to 10:00 by the Norwood American Legion Band conducted by Walter Smith. And there was a fine display of fireworks.

The success of the anniversary exercises was such possible for 825 men and women who served on committees, 445 other people had eaten the historical pageant and 180 from neighboring towns, a total of 595 who took part in the pageant and this does not include the 1250 people, fifty per cent of a record, during the four days. In addition to the anniversary celebration there were four pub-

A total of 105,000 tons of apples and pears were sold in 1981, a  
 10% increase over 1980.

1. The first group of people who are interested in the study of the history of the world are the historians. They are people who study the past and write about it. They are interested in the events that have shaped the world and the people who have lived through them. They are also interested in the changes that have taken place over time and the reasons for these changes.

At 25' below the surface of the water, a depth of 87.5' or installed, several water pipes are to transit from Blair Street through Hester Street into York Street, and then to the main sewer line, there.

Deed No. 1 made that the sum of \$2,000 was expended for the purchase of sufficient 6" Water Pipe and by drawing 100' from Plum Street through Homer Street into the Forest Park with the stipulation that the material will not be purchased until the labor for a collation is authorized under the Emergency Relief Act.

During the discussion under this article the Moderator appointed the following four tellers, Draper Oliver, Thomas C. Copley, Samuel Hovick, James Lathrop.

It is a common error to suppose that the  
ancient world was a continuous whole.

The truth is that the ancient world was a  
series of disconnected fragments, each of which  
had its own life and development.

Of these fragments, the most important were  
the Greek and Roman worlds. The Greek world  
was a collection of independent city-states,  
each of which had its own laws and customs.  
The Roman world was a single, unified empire,  
which was the most powerful and most  
extensive of the ancient world.

It is important to remember that the Greek and  
Roman worlds were not the only ancient worlds.

There were many other ancient worlds,

each of which had its own life and development.  
The most important of these were the Egyptian,  
Assyrian, and Persian worlds. The Egyptian  
world was a collection of independent  
kingdoms, each of which had its own laws  
and customs. The Assyrian world was a  
single, unified empire, which was the most  
powerful and most extensive of the ancient  
world.

The Persian world was a single, unified empire,

which was the most powerful and most  
extensive of the ancient world. It was  
the most important of the ancient worlds,  
because it was the most powerful and most  
extensive. It was the most important of the  
ancient worlds, because it was the most  
powerful and most extensive. It was the most  
important of the ancient worlds, because it  
was the most powerful and most extensive.

Of these ancient worlds, the most important  
were the Greek and Roman worlds. The  
Greek world was a collection of independent  
city-states, each of which had its own laws  
and customs. The Roman world was a single,  
unified empire, which was the most powerful  
and most extensive of the ancient world.

over a Meeting other than the annual meeting unless there are present at the time of said appropriation a majority of the legal voters of the Town.

Art. 2. To see if the Town will appropriate a sum of money to install three (3) catch basins to properly drain Pleasant Street between the residence of A. Shuster and Edward Mickelson or other equivalent relating thereto.

NO. 1100. Inasmuch as under this article is referred to the Board of Selectmen for investigation and action as the proper officer necessary for appropriation for highways and bridges it is the duty of the selectmen to comply therewith.

Art. 3. To see if the Town will appropriate a sum of \$25,000.00 to purchase a new fire engine and fire truck and to use on the same and to have a new fire apparatus that the selectmen may use on the current year's levy. The selectmen shall have the power to issue bonds with the approval of the selectmen, but not to exceed \$15,000.00 to be issued in accordance with the provisions of Chapter 44 of the General Laws of the State to be used for the purchase of equipment and to be repaid within three years from the date of issue of the first rate or bond issued or such earlier date as the selectmen and selectmen may determine for the purpose of repaying the same.

NO. 1101. Inasmuch as the Article

Art. 11. To see if the Town will appropriate the following amount to the town clerk for a certain manner relating thereto. The street lighting system of the Town shall be under the control of the Board of Selectmen and all applications for street lights shall be referred to said Board of Selectmen with power to act.

NO. 1102. Inasmuch as the Article on the ground that it is contrary to state law.

1031

VOLED that the sum of \$1,091.47 be appropriated to pay the unpaid bills accrued during 1934 as follows:

Fire Department	\$1,064.
Health Department	27.47

\$1,091.47

Art. 36 To see if the Town will vote to appropriate a sum of money to complete the work on the water drain across the land of George D. Cassel for and in the manner relating thereto.

VOLED that this Article be referred to the Board of Selectmen for prompt investigation with power to act, suggesting the possible use of a part of the appropriation under Art. 36.

Art. 37 To see if the Town will vote to appropriate the sum of \$1,853.12 to reimburse the emergency fund, this being the amount borrowed from fund to defray expenses for street removal and Tax Collector's expenses for and in the manner relating thereto.

VOLED that the sum of \$1,853.12 be appropriated to reimburse the emergency fund, this being the amount borrowed from this fund to defray expenses for street removal and Tax Collector's expenses.

Art. 38 To see if the Town will vote to appropriate a sum of money to pay for taking down canvas and act in any manner relating thereto.

VOLED to dismiss this Article.

Art. 39 To see if the Town will vote to transfer the cash balances from the various departments into the general cash or act in any manner relating thereto.

VOLED to transfer the cash balances from the various departments into the general cash.

Art. 39. The Commission shall have the right to request the Government to take such measures as may be necessary to ensure the execution of the present Convention.

Art. 40. The Commission shall have the right to request the Government to take such measures as may be necessary to ensure the execution of the present Convention.

Art. 41. The Commission shall have the right to request the Government to take such measures as may be necessary to ensure the execution of the present Convention.

Art. 42. The Commission shall have the right to request the Government to take such measures as may be necessary to ensure the execution of the present Convention.

At this time the first request for the Commission to be used during the evening gathering of the Commission was presented with the understanding that the Commission would take care to purchase the necessary articles for the evening.

Art. 42. The Commission shall have the right to request the Government to take such measures as may be necessary to ensure the execution of the present Convention.

Art. 43. The Commission shall have the right to request the Government to take such measures as may be necessary to ensure the execution of the present Convention.

At the request of the Commission, the Government has agreed to set up a Commission of the Government to take such measures as may be necessary to ensure the execution of the present Convention.

	Minus Free Cash Balance, January 1, 1935	15,300.15
	Total amount granted	\$103,171.94

## REPORT OF THE BOARD OF SELECTMEN TO THE CITIZENS OF MILLIS.

The Board of Selectmen submit the following report for the year 1935.

The Selectmen early in the year held a joint meeting with all elected Town Officials and Appointed Officer. This meeting was held for the purpose of creating a spirit of cooperation among the Town Officials, and the meeting was so successful that the Selectmen for the second time, in the fall, called a joint meeting for the purpose of taking advantage of and working out Federal Relief projects to cover a period of nine months, and fourteen projects were submitted to the Federal Government and practically all were accepted.

It was fortunate that this action was taken by the Town Officials inasmuch as the unemployment became acute in the late fall and today we have about twice as many on Federal Relief as at the beginning of the year.

In 1901 the use of limestone as a building material was discontinued, and the use of brick was recommended.

The Board of Health, in 1902, recommended the use of brick for the construction of the new building, and the Board of Health, in 1903, recommended the use of brick for the new building. The Board of Health, in 1904, recommended the use of brick for the new building.

The Board of Health, in 1905, recommended the use of brick for the new building. The Board of Health, in 1906, recommended the use of brick for the new building. The Board of Health, in 1907, recommended the use of brick for the new building. The Board of Health, in 1908, recommended the use of brick for the new building. The Board of Health, in 1909, recommended the use of brick for the new building. The Board of Health, in 1910, recommended the use of brick for the new building.

The Board of Health, in 1911, recommended the use of brick for the new building. The Board of Health, in 1912, recommended the use of brick for the new building. The Board of Health, in 1913, recommended the use of brick for the new building. The Board of Health, in 1914, recommended the use of brick for the new building. The Board of Health, in 1915, recommended the use of brick for the new building.

The Board of Health, in 1916, recommended the use of brick for the new building. The Board of Health, in 1917, recommended the use of brick for the new building. The Board of Health, in 1918, recommended the use of brick for the new building. The Board of Health, in 1919, recommended the use of brick for the new building. The Board of Health, in 1920, recommended the use of brick for the new building.

The Board of Health, in 1921, recommended the use of brick for the new building. The Board of Health, in 1922, recommended the use of brick for the new building. The Board of Health, in 1923, recommended the use of brick for the new building. The Board of Health, in 1924, recommended the use of brick for the new building. The Board of Health, in 1925, recommended the use of brick for the new building.

The Board of Health, in 1926, recommended the use of brick for the new building. The Board of Health, in 1927, recommended the use of brick for the new building. The Board of Health, in 1928, recommended the use of brick for the new building. The Board of Health, in 1929, recommended the use of brick for the new building. The Board of Health, in 1930, recommended the use of brick for the new building.

## SPECIAL TOWN MEETING

October 15, 1935

Ordinance No. \_\_\_\_\_

Article \_\_\_\_\_

Section \_\_\_\_\_  
City of \_\_\_\_\_

In the year of our Lord one thousand nine hundred and thirty-five  
the Town of \_\_\_\_\_ do hereby certify that the following  
Board of \_\_\_\_\_  
Affairs to meet on the \_\_\_\_\_ day of \_\_\_\_\_  
Mills of \_\_\_\_\_  
there to be the following \_\_\_\_\_

THE \_\_\_\_\_  
are approved \_\_\_\_\_  
ing the \_\_\_\_\_  
and \_\_\_\_\_  
of the \_\_\_\_\_  
great \_\_\_\_\_  
priation \_\_\_\_\_  
missioners to \_\_\_\_\_  
spect thereof \_\_\_\_\_  
prevail of the \_\_\_\_\_

necessary to meet any appropriation made, or take any action relative thereto.

And you are directed to serve this warrant by posting up an attested copy thereof in the usual places for posting warrants in said Mills seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of the warrant, with your doings thereon, unto the Town Clerk, at or before the time and place of meeting aforesaid.

Given under our hands this 8th day of October 1935  
A. D. Nineteen Hundred and Thirty-Five

CHARLES A. SMITH,  
RUDOLPH E. LING,

Selectmen of Mills.

A true copy, attest:

WILLIAM H. THORNTON

Constable of Mills

October 8th, 1935.

Mills, October 8, 1935

Norfolk, SS.

By virtue of this warrant I have notified the inhabitants of Mills of said meeting at said time and place as herein directed.

WILLIAM H. THORNTON

Constable of Mills

A true copy of Warrant, the proceedings and Constable's return.

Attest:

LLOYD C. KING,

Town Clerk.

## DOINGS OF SPECIAL TOWN MEETING.

October 15, 1935

the Town to secure the benefits of the Emergency Relief Appropriation Act of 1935, there be and there be appointed the sum of \$31,000.00 and the Treasurer with the approval of the Selectmen, do and lawfully is authorized to borrow the sum of \$23,000.00, and to issue bonds or notes of the Town therefor, under authority of a resolution conforming with the provisions of Chapter 44A of the Acts of 1938, said bonds or notes to be payable in ten years or thereunto, and at such term and at such annual rate of interest as may be determined by the Emergency Finance Board.

All moneys received by the Town in grant from the Federal Government on account of this project shall be applied first to meet the cost of construction, then to pay the preliminary expenses, and the balance thereof shall be applied to the payment of the debt thereon authorized.

The Selectmen are hereby authorized and directed to accept on behalf of the Town of any and all moneys from such project of Federal Grant or moneys from any other source, Emergency Relief Appropriation Act of 1935, and the Mayor Commission are authorized and directed to proceed with the construction of said project and carry out the same in a proper and proper contract and agreement, in accordance with the subject to applicable Federal regulations, and the Mayor and the Mayor Commission are authorized to do all other acts and things necessary and convenient for obtaining said grant, for making said loan, and for construction of said project.

Attest: I, the undersigned, Mayor of the Town of

Millis, Massachusetts, February 14, 1935

Personally appeared before me the above-named William W. Ingraham, and took oath that the above statement is true to the best of his knowledge.

WALTER S. FROST, J.L.L.

Notary Public

Filed February 14, 1935 at NEWTON

JOSEPH WINKER

Deputy Clerk

Millis, Mass., February 13, 1935

To the Town Clerk,

To the Board of Registrars

We, the undersigned voters of Millis, Mass., present that we have reason to believe and do believe that the returns of the Election Officers of the said Municipality of the votes cast at the Election of February 11, 1935, for the question "Should it be passed by the General Court in the year 1935, entitled to occupy the office of Chief of Police of the Town of Millis, under the Civil Service Laws, be accepted," are incorrect, and that the affirmative was credited with more and the negative credited with less, than was actually cast for it; and we believe a recount of the votes cast in the said Election will affect the result of this Poll. We therefore ask that the votes cast for the said ballot be recounted.

WILLIAM J. BROWN  
Superintendent  
Millis Park Department

City of Millis, Massachusetts

## REPORT OF THE GYPSY MOTH AND TREE DEPARTMENT

To the Honorable Board of Selectmen  
and Officers of Millis

The Gypsy Moth infestation is quite heavy again and considerable work must be done this coming year. A large portion of the town was covered in 1935 through the W.P.A. Project and this was a big help to the town as it could never have been done otherwise.

The W.P.A. project on insecticide has started with ten men. This project includes re-spraying, thinning and spraying. A large portion of the town should be covered and a greater amount of spraying should be done this coming year.

Our shade trees can always stand considerable work done in them. A large amount of dead wood was removed from a number of the trees in 1935 which has improved their appearance a great deal.

The elms suffered considerably again this year from the Elm Leaf Beetles. These severe eatings always tend to weaken a tree and I would recommend two sprays for the elms next year, as the loss of our elms would be a big loss to the property owners of this town.

Respectfully submitted,

FLOYD C. KING,

Tree Warden

and

Gypsy Moth Superintendent

## REPORT OF THE WATER COMMISSIONERS

To the Citizens of Mills

The Water Commissioners in making their report for 1935 find that a big improvement has been made in the water supply between the corner of Main and Broadway and Cron's Corner.

This main being connected to the water supply at each corner by means of a standpipe at each end of each line.

The new standpipe at W. N. Brown's corner 117 has been started and the water supply has been increased as far as possible in the line between the corner and the Chicago Bridge. The Chicago Bridge is now under construction and the start of the new water supply line has been made to their present place.

The bids on the new standpipe were as follows:

**METCALF & EDDY**  
Engineers  
Boston, Mass.

**TOWN OF MILLIS, MASSACHUSETTS**  
**Standpipe and Foundation**

P.W.A. Docket

1911  
Forest Warden

Report of Forest Warden

1911  
Forest Warden

# REPORT OF FOREST WARDEN

To the Honorable Board of Forestry  
and Game

Herewith is the report of the Forest Warden for the past year.

There were 4,000 acres of land in the Forest Reserve and 1,000 acres of land in the State Forest Reserve, approximately 27 acres.

A list of the names of the persons who have been convicted of fires.

The U.S. Forest Service has been very successful in its efforts to protect the forests from fire.

Most of the fires have been caused by carelessness on the part of the public. It is necessary to educate the public in the proper use of fire. The U.S. Forest Service is working to do this by holding fire prevention camps for the public. The U.S. Forest Service is also working to do this by holding fire prevention camps for the public.

We feel now that it is time to replace this one with a new, modern, forest fire truck capable of doing more of the present need of better protection to both pool up arrival at fires and to operate more efficiently.

The present Gault Portable pump and 100 feet of Forest hose and all small tools and equipment on present truck can be changed over to the new truck thereby making a very complete forest fire outfit at a nominal figure.

I recommend that \$2000.00 be appropriated this year to purchase a new Forest Fire Truck for your protection as it is really needed.

I wish to thank you all for the splendid cooperation shown this past year.

Yours truly

DELL C. SPANIS

---

## REPORT OF FIRE ENGINEERS

To the Honorable Board of Selectmen  
and Citizens

Presenting this annual report of the Fire Department for the year ending December 31, 1937 we are enclosing a list of the calls answered during this period.

There were eighty-seven (87) calls classified as follows:

Mills Engine Co., 1, 1 audible alarm 4, 8 sire alarms 12  
Rockville Hose Co., 2, 2 Audible alarms 30, 8 sire alarms 1  
Both Companies since alarm 11

1. The first part of the paper is devoted to a general discussion of the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters  $\alpha$  and  $\beta$ . It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

2. In the second part of the paper the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

3. In the third part of the paper the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

4. In the fourth part of the paper the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

5. In the fifth part of the paper the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

6. In the sixth part of the paper the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

7. In the seventh part of the paper the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

8. In the eighth part of the paper the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

9. In the ninth part of the paper the problem of the existence of solutions of the system of equations (1) for arbitrary values of the parameters  $\alpha$  and  $\beta$  is solved. It is shown that the system has solutions for all values of the parameters  $\alpha$  and  $\beta$  if the function  $f(x)$  is continuous and has a bounded derivative.

Thanking you all for the courtesies and the fine  
 help rendered this is very truly

Total Investment \$11.00

But the fact that the *Journal* is a journal, and not a newspaper, is a fact that is often overlooked. It is a journal, and as such, it is a publication that is intended to be read by a small, select group of people, rather than a large, general audience. This is a fact that is often overlooked, and it is a fact that is often overlooked.

1. 2. 3. 4. 5. 6. 7. 8. 9. 10. 11. 12. 13. 14. 15. 16. 17. 18. 19. 20. 21. 22. 23. 24. 25. 26. 27. 28. 29. 30. 31. 32. 33. 34. 35. 36. 37. 38. 39. 40. 41. 42. 43. 44. 45. 46. 47. 48. 49. 50. 51. 52. 53. 54. 55. 56. 57. 58. 59. 60. 61. 62. 63. 64. 65. 66. 67. 68. 69. 70. 71. 72. 73. 74. 75. 76. 77. 78. 79. 80. 81. 82. 83. 84. 85. 86. 87. 88. 89. 90. 91. 92. 93. 94. 95. 96. 97. 98. 99. 100. 101. 102. 103. 104. 105. 106. 107. 108. 109. 110. 111. 112. 113. 114. 115. 116. 117. 118. 119. 120. 121. 122. 123. 124. 125. 126. 127. 128. 129. 130. 131. 132. 133. 134. 135. 136. 137. 138. 139. 140. 141. 142. 143. 144. 145. 146. 147. 148. 149. 150. 151. 152. 153. 154. 155. 156. 157. 158. 159. 160. 161. 162. 163. 164. 165. 166. 167. 168. 169. 170. 171. 172. 173. 174. 175. 176. 177. 178. 179. 180. 181. 182. 183. 184. 185. 186. 187. 188. 189. 190. 191. 192. 193. 194. 195. 196. 197. 198. 199. 200. 201. 202. 203. 204. 205. 206. 207. 208. 209. 210. 211. 212. 213. 214. 215. 216. 217. 218. 219. 220. 221. 222. 223. 224. 225. 226. 227. 228. 229. 230. 231. 232. 233. 234. 235. 236. 237. 238. 239. 240. 241. 242. 243. 244. 245. 246. 247. 248. 249. 250. 251. 252. 253. 254. 255. 256. 257. 258. 259. 260. 261. 262. 263. 264. 265. 266. 267. 268. 269. 270. 271. 272. 273. 274. 275. 276. 277. 278. 279. 280. 281. 282. 283. 284. 285. 286. 287. 288. 289. 290. 291. 292. 293. 294. 295. 296. 297. 298. 299. 300. 301. 302. 303. 304. 305. 306. 307. 308. 309. 310. 311. 312. 313. 314. 315. 316. 317. 318. 319. 320. 321. 322. 323. 324. 325. 326. 327. 328. 329. 330. 331. 332. 333. 334. 335. 336. 337. 338. 339. 340. 341. 342. 343. 344. 345. 346. 347. 348. 349. 350. 351. 352. 353. 354. 355. 356. 357. 358. 359. 360. 361. 362. 363. 364. 365. 366. 367. 368. 369. 370. 371. 372. 373. 374. 375. 376. 377. 378. 379. 380. 381. 382. 383. 384. 385. 386. 387. 388. 389. 390. 391. 392. 393. 394. 395. 396. 397. 398. 399. 400. 401. 402. 403. 404. 405. 406. 407. 408. 409. 410. 411. 412. 413. 414. 415. 416. 417. 418. 419. 420. 421. 422. 423. 424. 425. 426. 427. 428. 429. 430. 431. 432. 433. 434. 435. 436. 437. 438. 439. 440. 441. 442. 443. 444. 445. 446. 447. 448. 449. 450. 451. 452. 453. 454. 455. 456. 457. 458. 459. 460. 461. 462. 463. 464. 465. 466. 467. 468. 469. 470. 471. 472. 473. 474. 475. 476. 477. 478. 479. 480. 481. 482. 483. 484. 485. 486. 487. 488. 489. 490. 491. 492. 493. 494. 495. 496. 497. 498. 499. 500. 501. 502. 503. 504. 505. 506. 507. 508. 509. 510. 511. 512. 513. 514. 515. 516. 517. 518. 519. 520. 521. 522. 523. 524. 525. 526. 527. 528. 529. 530. 531. 532. 533. 534. 535. 536. 537. 538. 539. 540. 541. 542. 543. 544. 545. 546. 547. 548. 549. 550. 551. 552. 553. 554. 555. 556. 557. 558. 559. 560. 561. 562. 563. 564. 565. 566. 567. 568. 569. 570. 571. 572. 573. 574. 575. 576. 577. 578. 579. 580. 581. 582. 583. 584. 585. 586. 587. 588. 589. 590. 591. 592. 593. 594. 595. 596. 597. 598. 599. 600. 601. 602. 603. 604. 605. 606. 607. 608. 609. 610. 611. 612. 613. 614. 615. 616. 617. 618. 619. 620. 621. 622. 623. 624. 625. 626. 627. 628. 629. 630. 631. 632. 633. 634. 635. 636. 637. 638. 639. 640. 641. 642. 643. 644. 645. 646. 647. 648. 649. 650. 651. 652. 653. 654. 655. 656. 657. 658. 659. 660. 661. 662. 663. 664. 665. 666. 667. 668. 669. 670. 671. 672. 673. 674. 675. 676. 677. 678. 679. 680. 681. 682. 683. 684. 685. 686. 687. 688. 689. 690. 691. 692. 693. 694. 695. 696. 697. 698. 699. 700. 701. 702. 703. 704. 705. 706. 707. 708. 709. 710. 711. 712. 713. 714. 715. 716. 717. 718. 719. 720. 721. 722. 723. 724. 725. 726. 727. 728. 729. 730. 731. 732. 733. 734. 735. 736. 737. 738. 739. 740. 741. 742. 743. 744. 745. 746. 747. 748. 749. 750. 751. 752. 753. 754. 755. 756. 757. 758. 759. 760. 761. 762. 763. 764. 765. 766. 767. 768. 769. 770. 771. 772. 773. 774. 775. 776. 777. 778. 779. 780. 781. 782. 783. 784. 785. 786. 787. 788. 789. 790. 791. 792. 793. 794. 795. 796. 797. 798. 799. 800. 801. 802. 803. 804. 805. 806. 807. 808. 809. 810. 811. 812. 813. 814. 815. 816. 817. 818. 819. 820. 821. 822. 823. 824. 825. 826. 827. 828. 829. 830. 831. 832. 833. 834. 835. 836. 837. 838. 839. 840. 84

Art. 3 To see if the Town will appropriate the sum of \$300000 for the maintenance of law and order or act in any manner relating thereto.

Art. 4 To see what disposition the Town will make of the money refunded by the County on account of dog licenses.

Art. 5 To appropriate money for all necessary town expenses, including a sum sufficient to pay all Town Officers' salaries.

Art. 6 To see if the Town will vote to appropriate the sum of \$100000 for the salary of the Assessor for the year 1986 or act in any manner relating thereto.

Art. 7 To see if the Town will appropriate a sum of money for the Fire Department or act in any manner relating thereto.

Art. 8 To see if the Town will vote to appropriate a sum of money for the use of the Board of Health or act in any manner relating thereto.

Art. 9 To see if the Town will vote to appropriate a sum of money for special repairs on roads which are selected by the Massachusetts Highway Commission or acting in conjunction with the State and County or act in any manner relating thereto.

Art. 10 To see if the Town will vote to appropriate the sum of \$75000, said sum being the payment of the expense incurred and apportioned by the County on a number for the care and maintenance of the Town of Court Hospital or act in any manner relating thereto.

Art. 11 To see if the Town will appropriate a sum of money for the sum of \$2000000 to fund a school or act in any manner relating thereto.

Art. 12 To see if the Town will vote to appropriate a sum of money for the construction of a school or act in any manner relating thereto.

Art. 13. To see if the town will appropriate money for the purpose of establishing Manual Training, employ a suitable instructor, and purchase such equipment as is needed; or act on any matter relating thereto.

Art. 14. To see if the town will vote to appropriate a sum of money for repairs to the Town Office or act in any manner relating thereto.

Art. 15. To see if the Town will appropriate the sum of \$500.00 for the purchase of a second hand fire hose or act in any manner relating thereto.

Art. 16. To see if the Town will vote to appropriate a sum of money to be used in connection with Public Works or Emergency Relief projects under the direction of the Board of Selectmen or act in any manner relating thereto.

Art. 17. To see if the Town will raise and appropriate the sum of \$2000.00 for the purchase of a Forest Fire Truck and that to meet said appropriation in accordance with Chapter 44 of the General Laws, there be raised in the tax levy of the current year the sum of \$800.00 and that the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow the sum of \$1200.00 and to issue a note or notes of the Town therefor, said note or notes to be payable in five years from the date of issue or such earlier date as the Treasurer and Selectmen may determine, or do or act anything in relation thereto.

Art. 18. To see if the town will vote to increase the salaries of the Board of Public Welfare from \$1000 to \$225 per year or act in any manner relating thereto.

Art. 19. To see if the town will vote to authorize the selectmen to make suitable arrangements with a gas company for the purpose of supplying domestic gas within the town or act in any manner relating thereto.

Art. 20. To see if the Town will vote to authorize the Board of Water Commissioners to appoint their own Water Registrar or act in any manner relating thereto.

Art. 21. To see if the Town will vote to appropriate a sum of money for the suppression of the Gypsy and Brown tail moth and Elm Leaf Beetle or act in any manner relating thereto.

Art. 22. To see if the Town will appropriate \$300.00 to provide post quarters for the Millis Post 208, the American Legion (as provided under General Laws, Chapter 40, Section 9, as amended by Acts of 1923, Chapter 122) or act in any manner relating thereto.

Art. 23. To see if the Town will vote to accept the following cemetery trust funds for perpetual care. Edmund N. Clark \$50.00 and Phoenius N. and Henry S. Spencer \$120.00 or act in any manner relating thereto.

Art. 24. To see if the Town will vote to accept and maintain McCabe Ave. as a public street or act in any manner relating thereto.

Art. 25. To see if the Town will vote to reclaim that portion of Island street abandoned between Ridge to Exchange Street and from the residence of George Lawrence Smith to Dover road, and authorize the Selectmen to petition the County Commissioners for a new layout or act in any manner relating thereto.

Art. 26. To see if the Town will vote to reclaim that portion of Acorn street abandoned between the residence of Nicholas Sabol and the Delorey residence and authorize the Selectmen to petition the County Commissioners for a new layout or act in any manner relating thereto.

Art. 27. To see if the Town will vote to appropriate a sum of money for a new car for the Police Department, or act in any manner relating thereto.

Art. 28. To see if the Town will appropriate a sum of money for Memorial Day, or act in any manner relating thereto.

Art. 29. To see if the Town will accept the recommendation of the 50th Anniversary Committee for the use of the Cash balance on hand, or act in any manner relating thereto.

Art. 30. To see if the Town will accept from the estate of Susie R. Emerson a money order for Charles W. and Susie R. Emerson, the draughtsman on Exchange Street, or act on any matter relating thereto.

Art. 31. To see if the Town will accept from the estate of Susie R. Emerson a gift of one hundred and fifty dollars (\$150.00) to the Public Library as a Memorial to Dr. Charles W. and Susie R. Emerson, \$200.00 to be used as a fund and the interest of which is to be used for the purchase of books for the Public Library, the balance of the fund of the Library appropriation is instructed by the Administrator of the Library to be used for the purchase of books for the Public Library.

Art. 32. To see if the Town will accept from the estate of Susie R. Emerson a gift of the sum of \$1026.62 from the Public Library to be used for road machinery purposes or act on any matter relating thereto.

Art. 33. To see if the Town will accept from the estate of Susie R. Emerson a gift of the sum of money to complete the work on the water main across the land on the edge of the town or act on any matter relating thereto.

Art. 34. To see if the Town will accept from the estate of Susie R. Emerson a gift of the sum of \$4514.18 to reimburse the Town for the sum of \$4514.18 this being the amount borrowed by the Town for the following necessary Town expenses:

|                      |           |
|----------------------|-----------|
| Welfare Department   | \$250.00  |
| Emergency Department | 100.00    |
| Street Light         | 100.00    |
| Health Dept          | 100.00    |
| Police Dept          | 100.00    |
| Fireman Dept         | 100.00    |
| Town Office Dept     | 100.00    |
|                      | <hr/>     |
|                      | \$4514.18 |

Art. 35. To see if the Town will accept from the estate of Susie R. Emerson a gift of the sum of \$1000.00 to be used for the purchase of books for the Public Library or act on any matter relating thereto.

Art. 36. To see if the Town will accept from the estate of Susie R. Emerson a gift of the sum of \$1000.00 to be used for the purchase of books for the Public Library or act on any matter relating thereto.

Art. 30. To see if the Town will accept from the estate of Susie P. Emerson a new road to Dr. Charles W. and Susie P. Emerson the drinking fountain on Exchange street, or at any other matter relating thereto.

J

Art. 31. To see if the Town will accept from the estate of Susie P. Emerson a gift of \$1000 and fifty dollars as \$2500 to the High School Library as a Memorial to Dr. Charles W. and Susie P. Emerson \$2000 to be used for the purchase of books for the library, the balance to be used for the purchase of books is instructed by the Town to be used for the purchase of books relating thereto.

Art. 32. To see if the Town will accept from the sum of \$10,000 from the estate of Dr. Charles W. and Susie P. Emerson to be used for road and for the purchase of books relating thereto.

Art. 33. To see if the Town will accept from the sum of money to be used for the purchase of books across the land of Dr. Charles W. and Susie P. Emerson relating thereto.

Art. 34. To see if the Town will accept from the sum of \$4500 to be used for the purchase of books, this being the amount of money to be used for the following purposes:

|               |        |
|---------------|--------|
| Wagon Road    | \$2500 |
| Tramway       | \$1000 |
| Street Light  | \$500  |
| High Bridge   | \$500  |
| Police Dept   | \$500  |
| Township Dept | \$500  |
| Other         | \$500  |

\$4500

Art. 35. To see if the Town will accept from the sum of \$1000 to be used for the purchase of books, this being the amount of money to be used for the following purposes:

Art. 36. To see if the Town will accept from the sum of \$1000 to be used for the purchase of books, this being the amount of money to be used for the following purposes:

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as  $t \rightarrow \infty$ . It is shown that the solutions of the system (1) tend to zero as  $t \rightarrow \infty$  if and only if the matrix  $A$  is stable. The second part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as  $t \rightarrow \infty$  if the matrix  $A$  is not stable. It is shown that the solutions of the system (1) tend to infinity as  $t \rightarrow \infty$  if and only if the matrix  $A$  is not stable.

and day following.

**No School Signal — Fire Alarm 22 — 7.30 A.M**

**I**N 1698 Medfield's fifty shillings for schooling on the West Side of the Charles led to Sergeant Joseph Daniel becoming our original schoolmaster, but soon he was replaced by Experience Adams, mother of eight. Her smaller stipend reached her husband. Until 1737 some pioneer's kitchen served as school house.

The high school scholars were sent to the Medway High School until 1902, when the Millis High School started with an enrollment of 64. The first class of two graduated in 1904. The total is 329 graduates in the 32 years, including last June.

At the time of the incorporation of the town on February 24, 1885, there were three schoolhouses; the Ellis School in Rockville, now standing, with 42 pupils; the Daniels School, a smaller edition of the Ellis School, located on the northwest corner of Ridge and Orchard Streets, with 19 pupils; and the old Adams School, a two-room building, which was a part of the Adams Schoolhouse recently torn down, with 64 pupils, or a total of four schools with 125 pupils and four teachers. There were also 13 pupils who were sent to the Medway High School with an appropriation of \$2,000.

Now fifty years later, our total enrollment is 247 in the first six grades, 123 in the Junior High, and 80 in the Senior High—a total of 458, with an appropriation of \$36,850. These scholars are all housed in a modern, up-to-date brick building, presided over by a Superintendent of Schools, 17 teachers, school physician, and school nurse. The equipment and furnishings in the building are first-class and also include a good sized auditorium with facilities for school games, physical exercise, and furnishing a convenient meeting place for all large town functions.

VIEW OF THE BUILDING

---

The number of students in the public schools of the city of New York last year has increased by 100,000, and last year the Government has appropriated \$100,000,000 for the education of our young people. I think, therefore, that we might well consider the Government as having made a pretty decent investment of money in the education of our young people.

The best results in our school have been achieved through the active cooperation of all those interested in the school, namely, the superintendent and teachers, but also parents and community, as well as a school committee representing the community. Much of our cooperation along these lines.

HILLS SCHOOL COMMITTEE

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Mill

In reporting the progress of our schools during 1915 there is an unusual number of changes in personnel to record. First, teachers, whose average term of service with us was 25.46 years, left us. In part these resignations were a result of age, which had to be expected in view of our salary range, and which are a constant incentive to growth in efficiency. In part they were resignations which had been postponed for 25, 30, 40, 50 years. Edna L. Dyer, mathematics and science teacher and co-sponsor of the popular singing at Waltham, joined Mr. Peterson in leaving to take a better high school in Rochester, N. York. Mr. May, 1881, and Israel M. Jones, resigned on account of marriage. These two teachers secured in their place, Mr. John E. Horton, of Framingham, a graduate of Catholic University, Washington, D. C., and a teacher of sciences and mathematics, and Oliver Good, young Mr. Hart of Waltham. Miss George, graduate and experienced teacher in Waltham High School for French and Latin, entered Wellesley of Western Boston University for higher High School courses with some notation in Junior High School. Margaret Knapp, of

restrictions on employment, perhaps soon by statute (which seems to be increasingly demanded) boys and girls are remaining in school until 16 or older. Formerly the great majority of those who leave school at 14 or 15 are going to college or technical preparation; in 1890 only 3% of those of High School age in the United States were in High School. The proportion has doubled each decade and it is now 7%. By 1920 it will surely be 100%. We are therefore preparing our pupils for a world of occupations, for many of which our pupils need definite preparation; many will discover their own aptitude only through the various offerings; some will learn better by guided experience in doing and only then will profit by book work and recorded experience. ("My books read different now" said a graduate of Massachusetts Institute of Technology after a year in industry; and this after a "practical" course and practical work every summer during it!) We should make immediate provision for beginning this type of work with our boys. Perhaps some investigation of the work now done in Holliston, Medway, Walpole, and Norwood will convince our citizens of its value. While we should do much more than at present for our girls we are, nevertheless, accomplishing much for them with our relatively meager and economical arrangements. The boys' need is much greater.

In music, drawing, and physical education our work continues and in some respects is being developed, although less fully than if we had expert supervision. Real progress has been made in music during the past year through the introduction of new and better books, helpful visits and talks by an expert, and by guiding outlines which have been issued. As an outside activity and without cost to the School Department, interest and skill in instrumental music are being encouraged and it is hoped that a considerable amount of extra may be developed. With help from the State Department we are now making special effort to systematize the work in physical education and health.

Up to the present our efforts in physical education have been mainly along the line of athletic sports. As many as possible of the High School pupils have taken part, even though school teams have been the main aim. The post-season, inter-class games have been perhaps of more value to the whole school than the regular schedule.

The gradual building-up of the spirit of the school through the energetic leadership of the Principal and the cooperative assistance of the School Council (working toward increased assumption of individual and group responsibility by all pupils) is noticeable and appreciated. The ambition of our teachers is evidenced by the large number following evening or vacation college courses. For all their help and loyalty I express my appreciation; and for all support which

The Committee on the Administration of the Schools, in its report for the year 1904, has the honor to submit to the Board of Education the following statement of the condition of the schools at the close of the year.

The year 1904 was a year of unusual activity in the schools. The work of the schools was carried on in a most efficient manner, and the results were most satisfactory. The following statement shows the condition of the schools at the close of the year.

#### New Equipment

Seventy new desks were ordered for the new seventh and eighth grades.

As for the following new equipment:

100 new arithmetic books

A number of new ...

Four new ...

A new ...

A new ...

... supplies so that our ...

... opportunity to do ...

Three old typewriters ...

#### New Equipment Needed

At present the girls in the ... having cooling ... having two study periods ... advantage of a manual art ... manual training room ... a part of our school work. The reasons ... training may be listed as follows:

1. Manual training offers ... use his own hands in setting ...
2. It gives him a chance to follow definite directions.
3. He may be of use ...

4. It is a maximum likelihood estimate of the expected loss rate at age  $x$ .

5. *Principles of Community Development*, by J. G. ...  
 ...

It is important to keep in mind that the knowledge of the author is not a simple matter of fact.

Moreover, the 12 models to be fitted to the data were selected to include models that were not only linear but also nonlinear, and to cover a wide range of model complexity.

[illegible]

the government of the country had to pay a very high price and the high social costs of training and work as they were they were not anticipated. At the end there is more time. He should be a judge in a male's situation. He is a prepared to do the same type of employment.

Il, . . . . .

1. The first part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as  $t \rightarrow \infty$ . It is shown that the solutions of the system (1) are bounded and tend to zero as  $t \rightarrow \infty$  if the matrix  $A$  is stable and the matrix  $B$  is positive definite. The second part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1) as  $t \rightarrow \infty$  if the matrix  $A$  is not stable. It is shown that the solutions of the system (1) are bounded and tend to zero as  $t \rightarrow \infty$  if the matrix  $A$  is not stable and the matrix  $B$  is positive definite.

2. A fourth, 1994, and a fifth, 1995, survey of the same or various respondents collected data on the installed capacity, repairing, construction and testing of batteries and general repair work that was done in the two years that preceded the most recent survey in the year.

3. A printing press could be installed that would be used to print the small quantities of materials needed for the printing.

For a beginning in the work, it would be feasible to send possibly without the automobile, to try completely to cover the manual training over the first year. An expenditure of \$1,000 would be paid toward coupling a manual training department and this would be done a very important part of our school work.

### Age of Admission

The age required to enter Grade 1 in July has been 7 years and 4 months before September 1. This age limit seems to me to be too low, and I recommend that change be made to 5 years and 7 months. I have come to this decision after making a careful study of reports

factor to the story. He usually feels himself a foreigner in the country, with this feeling of inferiority often coming less from racial differences, which again interfere with his interest in and love for the country, than from work.

I think we all agree that a good beginning is a very important learning tool. A child's success throughout his or her life depends on the young who were with them at the beginning. The child is ready.

## Activities

On April 1, 1927, members of the Society of Friends of the Library, Miss Mary J. Johnson and Mr. Henry O. Johnson, accompanied a group on a trip to Washington, on their return over the Chesapeake and Potomac Rivers in New York.

On April 2, the Parents' Committee of the school held a number of parent-teacher meetings held their annual meeting for the Washington Independent. The family one of the people who made this very event, the meeting.

## REPORT OF FOOD AND SEWING CLASSES

To the Superintendent of Schools, Chicago

During the past year the food classes have continued to carry out their regular schedule of work and have planned, prepared, and serving various dishes and foods. During the year the first and second grade classes began their food classes and this was well received by the students. The eighth grade has been working on the food classes and has completed a number of projects. The food classes have been very successful in their work.

We have stressed the importance of the food classes in this year, and in the future. The projects that have been completed are very helpful to the students and have been very successful. The food classes have been very successful in their work and have been very helpful to the students. The food classes have been very successful in their work and have been very helpful to the students.

This year all of the 4H Clubs are working on the food classes and have been very successful. The 4H Clubs are working on the food classes and have been very successful. The 4H Clubs are working on the food classes and have been very successful. The 4H Clubs are working on the food classes and have been very successful. The 4H Clubs are working on the food classes and have been very successful.

One very new feature in my work has been the reading of a food class for the eighth grade. This course includes the planning and preparing of the meals and the use of the food classes. This course includes the planning and preparing of the meals and the use of the food classes.

One day a week we have a student from the University of State Teacher College to assist in our cooking and sewing classes. The Misses Veronica Bahdala and Jocelyn Case have been our well-trained assistants during the past year. They have successfully conducted the required sewing classes of grade six. The grade had to be divided into two classes because of the size, therefore one class sews every other week.

In order to carry further the sewing work in our school Misses Rita Moran and Cynthia Robbins have very willingly organized 4H Sewing Clubs in Grades 5 and 6. They are meeting and working with the girls one afternoon each week. Their program of work

is one outlined by the Norfolk County 4H Club Extension Service. Miss Catherine Cook, the County Agent, has met with these clubs several times and reported them as doing good work.

I wish to thank all who cooperate with us in order that our pupils may experience such practical problems of life which tend to make more intelligent and appreciative future citizens of our country.

Respectfully submitted,

(Signed) KATHERINE B. EHNE

---

### REPORT OF SCHOOL PHYSICIAN

---

To the Superintendent of Schools of Millis:

The general physical examination revealed that health standards are being well maintained. There appears to be some improvement in general hygiene and a distinct improvement in dental care.

There are some who are persistently underweight but the percentage is certainly no greater than in any like number of school children. In most cases the undernutrition is due to faulty habits rather than fundamental physical defects.

Injuries in athletic contests were minimal in frequency and severity.

Contagious diseases have not been a problem. There have been sporadic cases but no real epidemics.

The pre-school clinics for diphtheria immunization are being well utilized. The importance of immunization is becoming quite generally appreciated.

The response to the program for tuberculosis detection has not earned the co-operation which it merits. Perhaps the response might be better if the program were better understood. The group selected for examination is first given a skin test. Chest X-rays are taken of those who react positively. If anything abnormal is found in the X-ray a physical examination is done by the State examiners. If latent cases are detected in childhood and proper treatment instituted many individuals will be prevented from developing adult tuberculosis.

The successful eradication of tuberculosis depends upon its prevention. The success of the State program requires the whole-hearted co-operation of the parents of the school children.

Respectfully submitted,

CARL BERG, M. D.

## REPORT OF THE SCHOOL NURSE

January to June 1935

### 1. The School Nurse's Work

One of the main duties of the school nurse is to see that the children are healthy and happy. This is done by checking the children's health every day, and by giving them the necessary treatment when they are ill. The school nurse also teaches the children about health and hygiene, and helps them to develop good habits. In the past year, the school nurse has been very busy, and has seen many children who were ill. The most common illnesses were colds, coughs, and sore throats. The school nurse has given them the necessary treatment, and they have all recovered. The school nurse has also been very busy with the children's health records. She has kept a record of every child's health, and has been able to see that every child is healthy and happy.

The school nurse has also been very busy with the children's dental health. She has been checking the children's teeth every day, and has been able to see that every child has good dental health. The school nurse has also been very busy with the children's eye health. She has been checking the children's eyes every day, and has been able to see that every child has good eye health.

The school nurse has also been very busy with the children's general health. She has been checking the children's temperature every day, and has been able to see that every child is healthy. The school nurse has also been very busy with the children's weight and height. She has been checking the children's weight and height every day, and has been able to see that every child is growing well. The school nurse has also been very busy with the children's behavior. She has been checking the children's behavior every day, and has been able to see that every child is well behaved. The school nurse has also been very busy with the children's school work. She has been checking the children's school work every day, and has been able to see that every child is doing well.

The spirit of footballs during the season throughout the year and through all wins and losses the season was not so hot then, the work of the getting the ball toward the goal and the kick for themselves and down the field. Long drives were made by the only one, the kicking, and the kicking was the only one to be made and seen.

The usual football game was the one that was the only one, charging is very much more of the game, and the only one of the boys' school for it. It was the only one that there were no other games during the entire season. During the week the boys were their own fundamentals and strategy, but on Saturday they were on their own to look for themselves, and the only one to be made and seen was their own game.

The following are participants:

| Robert Haynes       | James Senter          |
| John Howie          | Edward Walker         |

Michael Murphy, Manager

The 1936 basketball season started immediately following the Thanksgiving holiday, and the interest in the sport was quite high by the large number of participants. The opening practice found various drills being used to condition and improve the players in passing and handling the ball. There were many drills implanted by intra-

defeated in seven games. Their outstanding rival Melway, was defeated on our home court in an exciting contest.

This is the only athletic game the girls are participating in and a large squad takes an active part. The opening of practice and the continuance of games of an intramural nature makes them a long but interesting training for a large group of high school girls.

The following girls played:

|                          |                  |
|--------------------------|------------------|
| Arlene Barrett, Captain  |                  |
| Suzanne Duhamel, Manager |                  |
| Mary Clancy              | Alice Hood       |
| Katherine Murphy         | Florence Hood    |
| Belle Novick             | Lillian Howie    |
| Celia Weiner             | Mary Jillson     |
| Marion Cushman           | Mary Murphy      |
| Eileen Downing           | Lvelyn Nathanson |
| Shirley King             | Evelyn Sarris    |
| Charlotte Simpson        | Agnes Downing    |
| Marguerite Gavin         |                  |
